

# For high purity material

These valves are built for high purity applications and are constructed with high purity materials. The valves are built for high purity applications and are constructed with high purity materials. The valves are built for high purity applications and are constructed with high purity materials.

## Standard Applications:

These valves are built for high purity applications and are constructed with high purity materials. The valves are built for high purity applications and are constructed with high purity materials. The valves are built for high purity applications and are constructed with high purity materials.

### 4 1/2" (114.3 mm)

#### Regulatory ID

Material	Weight	Volume
Cast Iron	10.0	10.0
Stainless Steel	10.0	10.0
Aluminum	10.0	10.0
Carbon Steel	10.0	10.0
Brass	10.0	10.0
Copper	10.0	10.0
Monel	10.0	10.0
Titanium	10.0	10.0
Inconel	10.0	10.0
Nickel	10.0	10.0
Other	10.0	10.0

### 4 1/2" (114.3 mm)

#### For high purity material and valve assembly in PTFE

Material	Weight	Volume
Cast Iron	10.0	10.0
