

Model: 1000
Part No: 1000-001
Rev: 1.0

1. Introduction
2. Features
3. Specifications

The product is designed to provide a reliable and accurate measurement of the temperature of the object being measured. It is suitable for use in a wide range of applications, including industrial, laboratory, and field use. The device is easy to use and provides a clear and accurate reading of the temperature.

The product is made of high quality materials and is designed to be durable and long-lasting. It is also easy to maintain and clean. The device is suitable for use in a wide range of environments, including high humidity and high temperature environments.

- Accuracy: ±0.1°C
- Range: -50°C to 500°C
- Resolution: 0.1°C
- Response Time: 10s
