**Type code**
**Switch Function**

SPST

SPDT

**Version**

no contact with motor cable gland

**Installation**

standard with 1/4" cable gland

with no cable gland

with brass cable gland

Standard terminals

internally side

with plug connector

with terminal box

with terminal box and for high motor temp.

with standard cable

for high motor temperature

**Topology**

with 1/4" stud

no connector / 1/4" stud

with plug connector

SPST - Single Pole Single Throw

SPDT - Single Pole Double Throw

- 1) standard cable
- 2) longer than cable
