

Instruction manual

Transmitter & Converter

Accessory
for WEDA Visual Level Indicators (VLI)

Transmitter

28710-a
21967-a
22967-NI
22968-ND

Contents

1. Symbols and signs used in the instruction manual	2
2. Safety notes and warnings	3
3. Intended use	3
4. Overview of transmitters and converters	4
5. Type codes	5
6. Functional description	6
7. Bistable switch function	7
8. Scope of delivery	8
9. Unpacking	8
10. Disposing of packaging materials	8
11. Dismantling / Disposal	8
12. Assembly	9
13. Electrical installation	12
14. Commissioning of reel transmitters	12
15. Maintenance	13
16. Technical data	13
17. Troubleshooting	14
18. Transport and storage conditions	15
19. Labelling	15
20. Customer service	15
21. EU Type-examination certificates	16
22. Declaration of safety for shielded cable (NI version)	20
23. IECEx Certificate of conformity	21
24. Conformity declarations	27
25. Statement for transmitter with HART converter	29
