 10. **Identify the joint cavity**

Ball-and-socket joint

Location	Shoulder, hip
Bones	Humerus, scapula
Ligaments	Coracoclavicular, coracoacromial, transverse humeral, glenohumeral
Muscles	Deltoid, pectoralis major, latissimus dorsi, teres major, teres minor, infraspinatus, supraspinatus, subscapularis, biceps brachii, long head, triceps brachii, long head
Nerves	Axillary, radial, ulnar
Blood vessels	Subclavian, axillary, brachial
Cartilages	Articular, labrum
Synovial fluid	Yes
Joint capsule	Yes
Joint cavity	Yes

1. Identify the type of joint
2. Identify the bones
3. Identify the ligaments
4. Identify the muscles
5. Identify the nerves
6. Identify the blood vessels
7. Identify the cartilages
8. Identify the synovial fluid
9. Identify the joint capsule
10. Identify the joint cavity
